Alere Inc. is a major global developer, manufacturer and marketer of advanced, pioneering consumer and professional medical diagnostic products. A leading supplier of consumer pregnancy and fertility/ovulation tests and rapid point-of-care diagnostics, Alere Inc. is committed to advancing health through a continuing flow of innovative new products.

With major Research & Development facilities based in the US, UK, Germany and Israel, and manufacturing sites in the UK, China, Japan and the US, Inverness Medical Innovations is truly global in scope.

We are looking for individuals with the drive, motivation and expertise to contribute to a team that looks to solve the biggest healthcare challenges by revolutionizing medical diagnosis. We offer a wide range of employment opportunities for scientists, engineers, chemists, laboratory technicians, and manufacturing workers, as well as staff in marketing, finance, human resources, administrative support, and more.

We invite you to explore Alere Inc. further to see for yourself why it's a great place to work.
